February 7, 2013 @ 6-8 pm at Solana Beach City Hall

PROJECT DESCRIPTION: The U.S. Army Corps of Engineers and the cities of Solana Beach and Encinitas are developing a long term coastal storm damage reduction project with the State of California. The USACE and the Cities have prepared a joint Environmental Impact Report/Environmental Impact Statement (EIR/EIS) to evaluate potential options for reducing storm damage related coastal erosion over a 50-year period. The USACE Solana Beach-Encinitas Coastal Storm Damage Reduction Project will consist of initial placement of sand along two coastal shoreline segments within the boundaries of Solana Beach and Encinitas. The beaches would be renourished on a regular cycle during a Federal participation period of 50 years currently estimated to be 2015 through 2065.

ENVIRONMENTAL STATUS: A Draft EIR/EIS has been prepared for this project. Written comments on the environmental document should be submitted to the City of Solana Beach (Attention: Wendé Protzman, Community Development Director) no later than February 26th, 2013, at 5:00 pm. Comments may be submitted to the City at the address listed above or electronically by sending them to [WProtzman@cosb.org](mailto:WProtzman@cosb.org) or by fax at (858) 792-6513.

ADDITIONAL INFORMATION: This project will be scheduled for City Council review at a subsequently advertised public hearing/meeting. If you have any questions about this project, you are encouraged to contact Wendé Protzman at (858) 720-2440. The City of Solana Beach is committed to making its programs, services and activities accessible to individuals with disabilities. If you require reasonable accommodation to participate in this process or any other City program, service or activity, please contact Solana Beach City Hall, 635 South Highway 101 or telephone (858) 720-2440.
