

ORDINANCE 523

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SOLANA BEACH, CALIFORNIA, ADDING CHAPTER 5.07 TO THE SOLANA BEACH MUNICIPAL CODE PROHIBITING THE USE, SALE AND DISTRIBUTION OF BALLOONS FILLED WITH A GAS LIGHTER THAN AIR

WHEREAS, State law currently prohibits the outdoor release of any balloon constructed of electrically conductive material that is filled with a gas lighter than air as part of a public or civic event, promotional activity or product advertisement (California Penal Code Section 653.1 and Business and Professions Code Section 22942); and

WHEREAS, State law further requires that an object of sufficient weight be affixed to each Mylar balloon at the time of sale or distribution to counter the lift capability of the balloon, and also requires the manufacturer's name to be printed on the balloon, along with a permanent warning notice regarding the conductivity and danger of Mylar balloons (California Penal Code Section 653.1 and Business and Professions Code Section 22942); and

WHEREAS, the City of Solana Beach desires to implement additional measures to minimize the existence of balloons filled with a gas lighter than air within the City and mitigate the dangerous impacts from these balloons coming into contact with ocean life, animals and power lines; and

WHEREAS, balloons can be damaging to ecosystems and wildlife when released into the air or not disposed of properly, as they are not biodegradable; and

WHEREAS, the Ocean Conservancy lists balloons as the second most dangerous debris item since they are frequently mistaken as food by birds, mammals, and marine life. When balloons are ingested, they block the animals' digestive track, which leads to a loss of nutrition, internal injury, starvation, and death. Balloon ribbon is also hazardous because it can choke or entangle birds, mammals, and marine life in a manner that limits their mobility; and

WHEREAS, balloons are the most common form of floating garbage within 200 miles of American shorelines, and beach litter surveys have shown that the number of balloons and balloon pieces found on beaches has tripled in the past 10 years; and

WHEREAS, balloon debris on City beaches is prolific despite laws and regulations that prohibit littering, which contributes to dirty beaches, parks and communities, creates added costs to City budgets and discourages tourism; and

WHEREAS, balloons made of metalized or foil materials that conduct electricity, including Mylar, also pose a safety hazard when released as they can cause power outages,

explosions, downed power lines and damaged infrastructure when coming near or into direct contact with high-voltage power lines, resulting in costly repairs and/or hours of power outages affecting City residents and businesses; and

WHEREAS, over the past five years, Mylar balloons have been identified as the cause of more than 500 power outages in the San Diego region's electrical system; and

WHEREAS, the most effective way to reduce balloon debris in the City's waterways, decrease litter and pollution, and protect the environment, marine life, human health and the City's infrastructure, is to prohibit the use, sale and distribution of balloons filled with a gas lighter than air; and

NOW, THEREFORE, the City Council of the City of Solana Beach, California, does ordain as follows:

SECTION 1. All of the above recitals are true and correct.
